

AI Prompt for Nano Bana for Architecture Model 36

Ultra realistic, cinematic 8K render of the uploaded image of a 25-year-old man with the same face and hairstyle, seated at a cluttered architectural drafting desk late at night, illuminated only by the warm glow of an industrial desk lamp. He is deeply focused, sketching architectural plans with precision on tracing paper surrounded by rolled drawings, pencils, markers, and a half-finished scale model. The atmosphere is immersive and moody, with glowing computer screens on the desk displaying interior design renders from the uploaded image, casting a subtle blue light that contrasts with the golden desk lamp. Coffee mugs, scattered notes, and drafting tools hint at long hours of work and creative dedication. Behind him, the wall is covered with pinned maps, architectural blueprints, and uploaded interior renderings, arranged like a designer's inspiration board. The studio feels raw, authentic, and cinematic, evoking the passion and
