

Prompt - Metro photoshoot #1

"Ultra-realistic cinematic portrait of a stylish young man in his late 20s, standing confidently inside a metro/train interior. He is wearing a red and black checkered casual shirt with rolled-up sleeves, slightly unbuttoned at the top, giving a rugged yet charming look. His right arm is stretched out, holding the train's vertical support, while his body leans slightly sideways, exuding a relaxed and charismatic attitude. He has a well-groomed beard, textured hairstyle with volume, and a subtle smile that adds depth to his personality. The background features soft-focus passengers in muted tones, creating a natural yet dramatic depth of field. Lighting is cinematic, with highlights emphasizing his face and shirt patterns, while the environment has a smooth bokeh

blur. The color grading leans towards a warm, slightly teal-and-orange tone to enhance contrast and mood. Shot with a medium lens at eye level for intimacy, ensuring sharp details on the subject's face and attire while keeping the background artistically blurred.
