OUR PROFILE

Er. P.DHAYANANDHAN B.E.(CIVIL)

Engineering Contractor & Designer,

Regd. Engineer (CMDA)

Our Approach

We Believe that each client is unique and so we take a unique approach to each brief. In this case we noted and analyzed your requirements as well as undertaking a thorough review of the site including a feasibility analysis and detailed costing and modelling of the whole project. Drawing on our long experience in this area we have tailored a solution to your extract specifications by fusing form and function to create the ideal space for you. In practical terms we have also identified and outlined key strategic milestones in the life of the project to ensure a smooth completion as well as accountability throughout all stages of the build and compliance with all local and national laws and regulations.
